Whoa, this is starting to sound complicated...

Please read on!!!

Don't worry - you're not in this alone! That's what Handbell Musicians of America is for!!! We will help you work out the details so you can have a fantastic event.

While it is true that there are many details which need attention and handling to make an event a success, you can do as little (or as much) of the event as you like.

Basically, there are three local jobs which need to be done - they can be done by one person or by a committee.

- **Coordinator** - the go to person with all the answers
- **Registrar** - the person handling all the registration money matters
- **Host/Hostess** - the site specific event facility liaison.

Remember you are just an email or phone call away from help with any aspect of your event.
